

GMP Operations Specialist (m/f/d)

Position: full-time, permanent

Location: Bad Homburg v. d. Höhe

Starting date: ASAP

Who are we?

MYR Pharmaceuticals is a young German biotech company based in Bad Homburg. Our team is international and dynamic, and we value flexibility and teamwork, as we believe they are the key to success. We are continuously working on creating a comfortable workplace in which ideas are shared and discussed freely. Our lead product, bulevirtide, has a unique and innovative mechanism of action of HBV/HDV entry inhibition. Our lead product has been approved as the first therapy regimen for patients suffering from chronic hepatitis delta by EMA in July 2020.

We pride ourselves with the internationality of our company, our team consisting of people from all over the world. We find ourselves incredibly lucky to have a chance to learn from each other, to cooperate tightly, and to share ideas which differ thanks to various backgrounds we have.

What are we looking for?

MYR Pharmaceuticals is growing and developing rapidly. Therefore, we are looking for more colleagues to strengthen our team! Our lead product, bulevirtide has been approved for the treatment of chronic hepatitis D. In order to support us in establishing a global production network and to permanently safeguard the timely provision of high quality drug product to our patients all over the world, we are looking for a GMP Operations Specialist (m/f/d). Your dedication and motivation will help us to further develop GMP processes and to manage the daily operational business in the GMP environment.

Your tasks

As GMP Operations Specialist your area of responsibility would include:

- Creation and management of GMP conform documentation including SOP writing, Deviation, CAPAs and Change control processing to ensure high-quality GMP standards
- Review of batch documentation
- Stock Inventory Management and demand planning

- Management of printed GMP packaging materials
- Supply chain support for national and international shipments
- Management of serialization activities acc. EU GMP Falsification Directive

Your profile

The following qualifications are required for you to be eligible for this position:

- Bachelor's or Master's degree in the field of biotechnology, pharmacy or another natural science discipline
- Fluency in English and German is mandatory
- Hands-on mentality
- Attention to detail and highly organized
- Excellent communication skills, team player and solution-oriented

Preferable:

- Basic GMP understanding is an advantage
- Some experience in pharmaceutical industry

What we offer

At MYR Pharmaceuticals we are looking for unique employees for our unique product. In our team, instead of building walls between different departments, we tear them down together.

In order to make you feel great working with us, we offer:

- A permanent position with the opportunity to develop quickly within the company
- An attractive compensation
- We welcome and offer university graduates a guided start into the pharmaceutical industry

If this sounds interesting to you, and you see yourself as a part of our team, please don't hesitate to contact us and send us your CV. We are looking forward to meeting you!
