

Project Manager (m/f/d)

Position: full-time, permanent

Location: Bad Homburg v.d. Höhe

Starting date: as soon as possible

Who are we?

MYR Pharmaceuticals is a young German biotech company based in Bad Homburg. Our team office is international and dynamic, and we value flexibility and teamwork, as we believe they are the key to success. We are continuously working on creating a comfortable workplace in which ideas are shared and discussed freely. Our lead product, bulevirtide, has a unique and innovative mechanism of action of HBV/HDV entry inhibition. Bulevirtide has received PRIME status (Priority Medicines) at the EMA (European Medicines Agency) and breakthrough designation for treatment of chronic Hepatitis D at the FDA.

What are we looking for?

MYR Pharmaceuticals is growing and developing rapidly. Therefore, we are looking for more colleagues to strengthen our team! Our lead product, HEPCLUDEX® (bulevirtide) is expected to be approved for the treatment of chronic hepatitis D very soon. In order to strengthen our medical department, we are looking for a Project Manager (m/f/d).

Your tasks

As part of the medical and clinical project office, the PM has the main mission to manage and support the clinical projects, including clinical trials and medical projects (i.e. Registry) in Europe and globally. Namely, the tasks are as follows:

A. Clinical projects

- Participate in the process of clinical development strategy creation and implementation; creating and reviewing the Study documents (Protocol, CRF and etc.)
- Responsible for all aspects of study management, oversight and site monitoring
- Manage CRAs and study teams
- Provide resource and budget planning information for clinical operations
- Manage the process of negotiation contracts
- Contribution to the submission package to the Regulatory Authorities, IEC/IRB;
- Manage the Investigational Medicinal Product (IMP) workflow
- Complete process of Safety reporting, process production of reports, narratives and follow up
- Ensure the completion and accuracy of project-specific tracking requirements including patient enrollment and regulatory documents

B. Medical projects

- Prepare, launch and support medical projects

- Involve new centres to participate and monitor proper conduct of medical projects at the participating sites,
- Ensure support in regulatory affairs and compliance for medical projects,
- Establish relationships with key opinion leaders (KOLs),
- Engage in scientific discussions with health care professionals (HCPs) on current topics related to hepatitis Delta and various treatments to help physicians make informed decisions and improve clinical practice and care,
- Monitor and communicate on newly published data in your area of expertise,
- Respond to requests for medical information scientifically,
- Raising awareness of the relevant indication so that investigators, KOLs, HCPs and site staff are provided with relevant, compliant and consistent medical and scientific support

Your profile

The following qualifications are required for you to be eligible for this position:

- CRA/site monitoring experience and GCP knowledge – **necessary**
- Motivation to broaden the scope of clinical tasks to the medical field – this is a great and very unique opportunity for those who are interested in merging both sides of the medical and clinical workflow in a pharmaceutical company.
- Readiness to develop in the medical affairs area
- A degree in natural sciences

What we offer

At MYR Pharmaceuticals we are looking for unique employees for our unique product. In our team, instead of building walls between different departments, we tear them down together. In order to make you feel great working with us, we offer:

- An extremely unique opportunity for those interested in working jointly on clinical projects (CRO/clinical operations) and medical projects (medical affairs)
- A young, international and flexible team
- A permanent position with the opportunity to develop quickly within the company
- An attractive fixed salary

If this sounds interesting to you, and you see yourself as a part of our team, please get in touch with us without hesitation! Please send us your CV, letting us know which position you are applying for. We are looking forward to meeting you!
